Convenience – made from real good meat

So that it has that homemade taste

Excellent meat and fresh ingredients – we use these to make the very best deep-frozen products. Simply ideal for bulk consumer and system catering. Perfect for children, adults and senior citizens. How it should taste – like homemade. That’s our aim.

We are passionate about meat!

Who we are

- family business
- 150 employees
- ultra-modern production
- in the heart of Germany

What we do

- tasty, deep-frozen meat-convenience
- easy to handle
- natural taste
- not just products, but solutions!

*Good things from home
—
a beautiful piece of Germany*

Naturally with fresh ingredients ...

Made in Germany –
 Fresh meat from safe origins

... without additives

So that it has that homemade taste!

Natural indulgence ...

- ✓ Without E numbers
- ✓ Without flavour enhancers
- ✓ Without colouring
- ✓ Without preservatives
- ✓ Without yeast extracts
- ✓ Without palm oil

... made with love!

Think globally – act locally

Sustainably produced food in a liveable environment

Proper and excellent meat

- Made with responsibility - in the family business
- For a balanced diet
- For amazing meals with marvelous taste
- Regional ingredients from local partners

”

We enjoy purchasing **regionally produced** ingredients because freshness of meat, eggs and vegetables is extremely important!

Sustainability – We produce food sustainably

- ✓ CO₂ optimized
- ✓ Optimized packaging
- ✓ We live environmental protection

Meat is a valuable part of a healthy diet

- ✓ Especially for kids and the elderly
- ✓ Many micronutrients such as iron
- ✓ Rich in vitamins such as B12
- ✓ Many favorable proteins

Family business

From a cutting plant to your meat-convenience producer

Where the bosses are still in operation themselves:

- ✓ 3rd generation of owner management
- ✓ State-of-the-art production facilities
- ✓ There for you for over 30 years!

Regional

For outstanding meat and fresh ingredients

Regionality is more than just a trend:

- ✓ 95% of meat originates from a radius of 150 km
- ✓ 85% of all ingredients originate from a radius of 150 km
- ✓ 70% of all ingredients originate from North Rhine-Westphalia
- ✓ NRW eats well

Standing up for Animal Welfare

As a Westphalian family-run firm, we know what we want!

We are proud to announce that we continually and demonstrably improve the standards of livestock husbandry in the conventional keeping of productive livestock. We are able to support the livestock's welfare, due to our choice of suppliers and our constant supervision.

Especially important are:

- ✓ Independent controls of husbandry conditions
- ✓ Short routes of transportation of the animals
- ✓ Safe slaughter, monitored by camera
- ✓ Constant improvement of the animals' health
- ✓ Monitoring medication

All of our meat suppliers are visited and audited by us personally, during these visits animal welfare is of great importance to us.

- For instance, in cooperation with our suppliers we already managed to decrease the time any living animal has to be transported.
- This subsequently means that the majority of the pigs, which we debone in-house, are only transported alive for 60 km.

HÜLSHORST FEINKOST is the third sustaining member of the animal welfare initiative "Initiative Tierwohl"!

- Most effective, practicable and marketable program aimed at improving the well-being of livestock
- It improves animal welfare on a broad scale and not just in a niche for a few animals.

IQF – cool benefits, icy process

"All HÜLSHORST stir-fries, from minced meat to gyros, are flash frozen in -196 °C liquid nitrogen. Hence the description 'individually quick frozen' or IQF for short. Thanks to this technology, products processed in this way keep their original high quality and their considerable freshness, appearance, structure and taste. That thrills me again and again and I can definitely recommend these types of products."

'Cevapcici', mincemeat rolls made with beef, fried, approx. 30 g, IQF deep-frozen

Minced beef rolls in typical cevapcici style, strongly seasoned, fried with a golden-brown finish, individually quick frozen and packaged in pillow bags. This ensures precise portioning and costing ability.

Schnitzel

Simply excellent and irreplaceable

A classic with a satisfaction guarantee

To say schnitzel is to mean good meat. Pork loin, topside and turkey are all highly versatile. We turn them into schnitzel and cordon bleu, cooked or uncooked, but always in a crispy coating and with the finest seasonings. Titbits are perfect for those who like to snack, while a half pounder will satisfy anyone who is really hungry. Hot or cold, gratinated, au gratin or with fantastic sauces, schnitzel leaves plenty of space for creativity in the kitchen.

Challenge met!

“Crispy on the outside, tender on the inside – just like this pan-fried classic is meant to be. With the very finest meat and a coating that I normally would only be able to make myself, HÜLSHORST’s exquisite schnitzels make me hungry for more.”

Turkey schnitzel and cordon bleu

Tastily breaded, safely served

Whether as schnitzel or turkey cordon bleu – it can be used anywhere: in school catering, day-care facilities for children, canteens, hospitals and, of course, catering. The turkey on its own or in combination with turkey ham and Gouda cheese that is free of E-numbers is a welcome alternative to conventional pork schnitzels and cordon bleus. Individually removable, quickly prepared and served – treat yourself and your guests to this savoury delight.
